# ABOUT CRESTROCK GLOBAL

Crestrock Global is a professional import-export company headquartered in Ahmedabad, Gujarat — the heart of India's spice trading corridor. We supply whole spices, ground spices, and custom blends to importers, distributors, and food manufacturers across Europe, the Middle East, Asia, and North America.

## OUR STORY

We started by working closely with a small group of international buyers to understand what they actually needed from an Indian supplier. The feedback was consistent: competitive pricing matters, but so does reliability, communication, and documentation. Buyers were tired of suppliers who disappeared after the first order or who could not provide the paperwork needed to clear customs smoothly. That feedback shaped how we built Crestrock Global.

## WHAT WE DO

We source, process, pack, and export whole and ground spices from India to buyers worldwide. Our role covers the full export process — from product selection and quality review to packaging, documentation, and shipment coordination.

## WHO WE SERVE

- Spice importers and distributors sourcing from India for resale in their home market
- Food manufacturers using Indian spices as ingredients in production
- Seasoning and blending companies needing consistent raw material supply
- Private-label brands sourcing spices under their own product lines
- Wholesale traders buying container-level volumes for further distribution
- Foodservice distributors supplying bulk spices to hotels, restaurants, and catering

## WHY BUYERS CHOOSE US

- Export-focused with container-level supply capability
- Accurate and complete documentation for regulated international markets
- Flexible bulk packing: 25 kg, 50 kg, and custom consumer formats
- Pesticide residue (MRL) reports from accredited third-party laboratories
- Competitive India-origin pricing with production region transparency
- Responsive communication and clear order status updates throughout

## KEY FACTS AT A GLANCE

<b>Headquarters</b>	Ahmedabad, Gujarat, India
<b>Business Type</b>	B2B Import-Export Company
<b>Product Focus</b>	Whole Spices, Ground Spices, Custom Blends
<b>Markets Served</b>	EU, UK, Middle East, Asia, Americas
<b>Packing Options</b>	1 kg to 50 kg — Custom formats available
<b>Documentation</b>	CoA, MRL Report, Phytosanitary Cert., Certificate of Origin & more

**OUR MISSION:** To be the most reliable, documentation-ready Indian spice exporter for international B2B buyers — delivering consistent quality, honest communication, and compliance-ready shipments on every order.

## WHOLE SPICES · Export-Grade · Bulk Supply · Custom Packing

Our whole spice range is sourced from India's key growing regions, available in standard cleaned grades for bulk export. Packed in 25 kg PP bags, 50 kg jute bags, or custom formats on request. All shipments are accompanied by full export documentation.

<b>BLACK PEPPER</b>	<i>Kerala, Karnataka</i>	Bold, FAQ, and special extra-bold grades. Used in spice processing, seasoning blending, and foodservice. Piperine content, bulk density, moisture <12%.
<b>CUMIN SEEDS</b>	<i>Gujarat, Rajasthan</i>	Whole Jeera seeds with characteristic warm aroma. India's largest producing state Gujarat supplies the majority of global cumin. Volatile oil >2%, foreign matter <1%.
<b>CORIANDER SEEDS</b>	<i>Rajasthan, Madhya Pradesh</i>	Eagle and scooter grades available. Used in curry blends, spice processing, and food manufacturing worldwide. Volatile oil tested, moisture <9%.
<b>CARDAMOM (GREEN)</b>	<i>Kerala, Karnataka</i>	Premium bold green pods, size-sorted: 7 mm, 7.5 mm, 8 mm bold. High demand in Middle East and Europe. Moisture <12%, uniform green colour.
<b>CLOVES</b>	<i>Kerala / Zanzibar</i>	Whole dried cloves for spice blending, confectionery, oral care, and beverages. Eugenol >70%, moisture <12%, stems <5%.
<b>FENNEL SEEDS</b>	<i>Gujarat, Rajasthan</i>	Sweet Saunf seeds rich in anethole. Used in food manufacturing, herbal products, and flavouring. Volatile oil >1.5%, bold clean grade.
<b>FENUGREEK SEEDS</b>	<i>Gujarat, Rajasthan</i>	Methi seeds for spice blending, food ingredient supply, and nutraceutical sector. Moisture <10%, bold grade, low foreign matter.
<b>MUSTARD SEEDS</b>	<i>Rajasthan, Uttar Pradesh</i>	Yellow, brown, and black varieties available. Used in condiment manufacturing and oil extraction. Oil content >35%.

**STANDARD PACKING:** 25 kg PP Bags · 50 kg Jute Bags · Custom Sizes on Request

**DOCUMENTATION:** CoA · Phytosanitary Certificate · MRL Report · Certificate of Origin · Fumigation Certificate

## GROUND SPICES · Fine Ground · Hygienically Milled · Bulk Export

Our ground spice range is processed in clean, food-grade facilities and available in standard and custom mesh sizes. Every production batch is laboratory-tested before dispatch. Ideal for food manufacturers, seasoning companies, and industrial food buyers.

<b>TURMERIC POWDER</b>	<i>Andhra Pradesh, Maharashtra</i>	Available in high-curcumin grades (2–5%). Used in food colouring, curry manufacturing, nutraceuticals, and supplement production.
<b>RED CHILLI POWDER</b>	<i>Andhra Pradesh, Karnataka</i>	Multiple SHU heat levels from mild to hot. Teja, Byadgi, and Guntur varieties for different colour-heat profiles. ASTA colour 80–120.
<b>CORIANDER POWDER</b>	<i>Rajasthan, Madhya Pradesh</i>	Fine-milled from cleaned seeds. Used extensively in curry seasoning, ready meals, and spice blend manufacturing. Moisture <10%.
<b>CUMIN POWDER</b>	<i>Gujarat, Rajasthan</i>	Ground Jeera with warm-earthy flavour. Popular in European, Middle Eastern, and American food manufacturing. Volatile oil >2%.
<b>GINGER POWDER</b>	<i>Kerala, Karnataka</i>	Dried and ground with high gingerol content. Used in bakery, confectionery, beverages, and nutraceutical applications. Moisture <10%.
<b>BLACK PEPPER POWDER</b>	<i>Kerala, Karnataka</i>	Fine-ground in standard and custom mesh sizes. Used in seasoning manufacturing and processed food. Piperine >4%.
<b>PAPRIKA POWDER</b>	<i>Andhra Pradesh</i>	Sweet and hot variants available. Used in processed food, seasoning, meat industry, and snack manufacturing. ASTA colour 80–160.
<b>FENUGREEK POWDER</b>	<i>Gujarat, Rajasthan</i>	Ground methi used in curry blends, food ingredient manufacturing, and pharmaceutical applications. Moisture <10%.

**MESH SIZES:** 20, 40, 60, 80 mesh standard · Custom mesh available for large-volume orders

**LAB TESTING:** CoA · MRL Report (EU Reg. 396/2005) · Microbiology · Aflatoxin — all available on request

# BLEND, PRIVATE LABEL & PACKAGING

## SPICE BLENDS & SEASONINGS

<b>Garam Masala</b> Traditional Indian whole-spice blend for food manufacturing and restaurant supply. Standard recipe or custom formulation on request.	<b>Curry Powder</b> Export-grade curry for EU and Middle Eastern markets. Mild, medium, and hot variants available. Custom formulation accepted.
<b>Herbes de Provence</b> European-style herb blend popular with EU food importers and distributors. Ready for foodservice and manufacturing supply.	<b>Tandoori Blend</b> Aromatic smoky spice mix for the foodservice sector. Available in dry powder and paste format on request.
<b>Chaat Masala</b> Tangy Indian condiment blend with growing demand from Asian grocery distributors in Europe and North America.	<b>Custom Blends</b> Share your recipe or specification — we develop, sample, and supply any blend to your requirements at commercial scale.

## PRIVATE LABEL & CUSTOM BRANDING

Crestrock Global supports buyers who wish to source Indian spices under their own brand name. We produce, pack, and label products to your full specification — including your logo, nutritional data, and language-specific labels. Minimum volumes apply for private-label orders.

◆ Your logo and brand name on all packs	◆ Multi-language label printing available
◆ EU, UK, and GCC label compliance support	◆ Retail, foodservice, and industrial pack sizes
◆ Nutrition declaration and allergen labelling	◆ Bar code / EAN code printing on request

## PACKAGING OPTIONS

# QUALITY & COMPLIANCE

International buyers — especially in EU, UK, US, and GCC markets — require complete, accurate documentation with every shipment. Our quality process is designed to deliver compliant products and paperwork that clear customs without complications.

## OUR 6-STEP QUALITY PROCESS

<b>STEP 1 — SOURCING REVIEW</b>	Products sourced from verified Indian agricultural regions. Origin, crop season, and supplier credibility assessed before purchase.
<b>STEP 2 — INCOMING INSPECTION</b>	Every batch inspected for colour, aroma, moisture content, foreign matter, and physical grade before being accepted for processing.
<b>STEP 3 — PROCESSING &amp; CLEANING</b>	Cleaned, sorted, and milled under hygienic food-grade conditions. Dedicated equipment per product category to prevent cross-contamination.
<b>STEP 4 — LABORATORY TESTING</b>	Samples from every production batch sent to accredited third-party laboratories. CoA, MRL, microbiology, and aflatoxin reports issued.
<b>STEP 5 — PACKING &amp; SEALING</b>	Products packed in approved food-grade bags, sealed, and labelled per buyer specification and destination country requirements.
<b>STEP 6 — PRE-SHIPMENT INSPECTION</b>	Third-party PSI available via SGS, Bureau Veritas, or Intertek upon buyer request before the container is sealed and dispatched.

## STANDARD EXPORT DOCUMENTS WE PROVIDE

<b>Commercial Invoice</b>	All markets — primary transaction document
<b>Packing List</b>	All markets — detailed packing, weight, and batch information
<b>Bill of Lading</b>	All markets — title and shipment confirmation document
<b>Certificate of Origin</b>	All markets — confirms India as country of origin
<b>Phytosanitary Certificate</b>	All markets — issued by Plant Quarantine Authority of India
<b>Fumigation Certificate</b>	Most markets — confirms fumigation treatment of goods
<b>Certificate of Analysis (CoA)</b>	All markets — physical, chemical, and microbiological parameters
<b>MRL / Pesticide Residue Report</b>	EU, UK, US — accredited lab testing to permitted limits
<b>Halal Certificate</b>	GCC and Muslim-majority markets — halal compliance confirmation
<b>Health / Spices Board Certificate</b>	On request — quality confirmation for premium markets

## MARKET-SPECIFIC COMPLIANCE

<b>EUROPEAN UNION</b> MRL (EU Reg. 396/2005) · Microbiological standards · Traceability requirements	<b>UNITED KINGDOM</b> UK MRL alignment · UK food import labelling compliance	<b>MIDDLE EAST (GCC)</b> Halal certification · ESMA/SASO standards · Arabic label support	<b>UNITED STATES</b> FDA Prior Notice · US Customs entry documentation

# SUSTAINABILITY & RESPONSIBLE TRADE

Crestrock Global is committed to conducting business that creates value beyond commercial transactions — for the farming communities that grow our products, the buyers who depend on our supply, and the environment that sustains India's agricultural production.

## OUR THREE SUSTAINABILITY PILLARS

RESPONSIBLE SOURCING	ENVIRONMENTAL AWARENESS	FAIR & TRANSPARENT TRADE
We prioritise traceable sourcing from known Indian agricultural regions. We encourage reduced-chemical farming and avoid supply chains associated with unfair labour or child labour practices.	We minimise waste and energy in our operations, and are exploring biodegradable and recyclable packaging for buyers who require environmentally preferred materials.	Fair pricing for sourcing partners, honest buyer communication, and ethical business conduct are the non-negotiable foundations of how Crestrock Global operates every day.

## ESG COMMITMENTS AT A GLANCE

SOCIAL	ENVIRONMENTAL	GOVERNANCE
◆ Fair labour practices across supply chain	◆ Minimal waste in processing & packing	◆ Full regulatory compliance at all times
◆ Safe working conditions in operations	◆ Sustainable packaging exploration	◆ Accurate sourcing and export records
◆ Transparent supplier relationships	◆ Reduced energy use in daily operations	◆ Anti-corruption and ethical conduct
◆ Support for farming community welfare	◆ Traceability to encourage sustainable farming	◆ Transparent documentation to all parties

**OUR SUSTAINABILITY JOURNEY:** Sustainability is a continuous process. We acknowledge we are growing and improving. Buyers with ESG supplier questionnaires or supply chain due diligence requirements are welcome to share them — we are actively building our capability to respond to formal ESG assessments and sustainability audit processes.

## CONTACT CRESTROCK GLOBAL · Start Your Bulk Spice Sourcing Conversation Today
